

Spring Cleanup

The City of Montrose continues its annual Spring Cleanup tradition by providing disposal and recycling services from a **single collection point**.

Where: Residents are invited to bring cleanup items to the drop-off site located on the **San Juan Bypass (Highway 50)**, directly across the street from the Sunshine Peak Apartments. Signs will direct residents to the drop-off location.

When: The collection site will be open on the following days:

- **Friday, April 28 and Saturday, April 29 from 7 a.m. to 7 p.m.**

What: Items that *will be accepted* include:

- landscape materials (leaves, grass clippings and limbs less than six inches in diameter)
- scrap materials
- unwanted appliances

**A fee will be charged for appliances containing Freon (\$20 each). All other items can be dropped off free of charge.*

Items that will **NOT** be accepted include:

- routine household trash
- hazardous materials
- paint
- electronics with glass screens
- tires

Special collection services: The city will offer limited special collection services when personnel and equipment are available. Fees for this service begin at \$15.

To schedule a special collection or obtain additional information, please call 240-1480.

Expanded Recycling Services

In addition to the Single-Stream Curbside Recycling Program, city residents can now recycle used tires, green waste in residential quantities, fluorescent tube lamps and CFLs, and electronic waste with glass screens at the Public Works facility (1221 6450 Rd), Monday – Thursday, 9 a.m. to 3 p.m.

These new recycling services are being provided without charge as a courtesy to *City of Montrose residential trash collection customers only*. Prior to unloading any materials, customers must check in at the Public Works reception desk and present a current Colorado driver's license and a copy of their recent city utility bill.

Electronic Waste Recycling Guidelines:

- Only electronics with glass screens
- Limit of two units per residential address each calendar year

Used Tires Recycling Guidelines:

- Limit of eight tires per residential address each calendar year

Fluorescent Tube and Compact Fluorescent Lamps

- Quantities are not limited

Green Waste

- Quantities are not limited
- Lawn clippings, garden plants, weeds, leaves, hedge/tree trimmings, and tree branches under six inches in diameter are accepted
- Food, pet waste, plastic bags, trash, rocks, metal, soil, sod, hazardous wastes, and other non-green wastes are *not* accepted
- Green waste compost is available to residents free of charge, based on availability.
